

STRATHORE GROUP

ENVIRONMENTAL POLICY STATEMENT

Introduction

Strathore Plant Hire Ltd accepts its responsibilities for the harmful effects its operations may have on the environment. It will measure, and continue to measure its impact on the environment and take the necessary steps for improvement.

Aims

To recognise that environmental protection is a major issue and that a natural environment is essential for sustainable development.

To comply with all relevant environmental legislation.

To raise awareness of environmental issues with staff by the use of training and communication to ensure their support in our on-going improvement plan.

To minimise waste by evaluating our operations and ensuring they are as efficient as possible.

To actively promote the 'reduce, re-use and recycle' concept in all aspects of the business both internally and through our customers and suppliers.

To minimise CO2 emissions through careful consideration when increasing or updating our fleet.

To improve our use of resources such as energy, water and raw materials and to increase our use of renewable products and resources.

To improve our performance by continually reviewing our policies and services.
